LANGUAGE, SPEECH, AND HEARING SERVICES IN SCHOOLS INDEX TO VOLUME 31, 2000

Author Index	409
Subject Index	410
Title Index	413

AUTHOR INDEX

- Anderson, R. See Gutiérrez-Clellen et al. Language sample analysis in Spanishspeaking children: Methodological consideration. 31(1), 88–98.
- Arvedson, J. C. Evaluation of children with feeding and swallowing problems. 31(1), 28–41.
- Ayukawa, H. See Eriks-Brophy & Ayukawa. The benefits of sound field amplification in classrooms of Inuit students of Nunavik: A pilot project. 31(4), 324–335.
- Bahr, R. See Silliman et al. Scaffolds for learning to read in an inclusion classroom. 31(3), 265–279.
- Beasman, J. See Silliman et al. Scaffolds for learning to read in an inclusion classroom. 31(3), 265–279.
- Bedore, L. See Gutiérrez-Clellen et al. Language sample analysis in Spanishspeaking children: Methodological consideration. 31(1), 88–98.
- Bickerton, C. See Homer et al. Development of an interdisciplinary dysphagia team in the public schools. 31(1), 62–75.
- Bradham, T. See Smith et al. The effect of examiner's race on the performance of African American children on the SCAN. 31(2), 116–125.
- Brinton, B., Fujiki, M., Montague, E. C., & Hanton, J. L. Children with language impairment in cooperative work groups: A pilot study. 31(3), 252–264.
- Chandler, L. See Smith et al. The effect of examiner's race on the performance of African American children on the SCAN. 31(2), 116–125.
- Classroom Acoustics Working Group, Appendix: Improving acoustics in American schools. 31(4), 391–393.
- Collins, K. M. See Palincsar et al. Investigating the engagement and learning of students with learning disabilities in guided inquiry science teaching. 31(3), 240–251.
- Coyle, C. See Ukrainetz et al. A preliminary investigation of dynamic assessment

- with Native American kindergartners. 31(2), 142–154.
- Crandell, C. C. See Smaldino & Crandell. Classroom amplification technology: Theory and practice. 31(4), 371–375.
- Crandell, C. C., & Smaldino, J. J. Classroom acoustics for children with normal hearing and with hearing impairment. 31(4), 362–370.
- Duncan, D. S. See Ukrainetz & Duncan. From old to new: Examining score increases on the Peabody Picture Vocabulary Test-III. 31(4), 336–339.
- Ehren, B. J. Maintaining a therapeutic focus and sharing responsibility for student success: Keys to in-classroom speechlanguage services. 31(3), 219–229.
- Eriks-Brophy, A., & Ayukawa, H. The benefits of sound field amplification in classrooms of Inuit students of Nunavik: A pilot project. 31(4), 324–335.
- Ermann, M. G. See Siebein et al. Ten ways to provide a high-quality acoustical environment in schools. 31(4), 376–384.
- Fujiki, M. See Brinton et al. Children with language impairment in cooperative work groups: A pilot study. 31(3), 252–264.
- Giangreco, M. F. Related services research for students with low-incidence disabilities: Implications for speechlanguage pathologists in inclusive classrooms. 31(3), 230–239.
- Gillon, G. T. The efficacy of phonological awareness intervention for children with spoken language impairment. 31(2), 126–141.
- Girolametto, L., Hoaken, L., Weitzman, E., & van Lieshout, R. Patterns of adult-child linguistic interaction in integrated day care groups. 31(2), 155–168.
- Gold, M. A. See Siebein et al. Ten ways to provide a high-quality acoustical environment in schools. 31(4), 376–384.

SUBJECT INDEX

HEARING

NATURE OF HEARING AND ITS DISORDERS

Auditory and Other Otic Pathologies

- Acoustical barriers to learning: Children at risk in every classroom. Nelson, P. B., & Soli, S. 31(4), 356–361.
- Appendix: Improving acoustics in American schools. Classroom Acoustics Working Group. 31(4), 391–393.
- The classroom acoustical environment and the Americans With Disabilities Act. Sorkin, D. L. 31(4), 385–388.
- Epilogue: Improving acoustics in American schools. Nelson, P. B. 31(4), 389–390.
- Prologue: Improving acoustics in American schools. Nelson, P. B. 31(4), 354–355.

Hearing Loss and Deafness

- Acoustical barriers to learning: Children at risk in every classroom. Nelson, P. B., & Soli, S. 31(4), 356–361.
- Appendix: Improving acoustics in American schools. Classroom Acoustics Working Group. 31(4), 391–393.
- The benefits of sound field amplification in classrooms of Inuit students of Nunavik:

- A pilot project. Eriks-Brophy, A., & Ayukawa, H. 31(4), 324–335.
- The classroom acoustical environment and the Americans With Disabilities Act. Sorkin, D. L. 31(4), 385–388.
- Classroom acoustics for children with normal hearing and with hearing impairment. Crandell, C. C., & Smaldino, J. J. 31(4), 362–370.
- Classroom amplification technology: Theory and practice. Smaldino, J. J., & Crandell, C. C. 31(4), 371–375.
- Epilogue: Improving acoustics in American schools. Nelson, P. B. 31(4), 389–390.
- Prologue: Improving acoustics in American schools. Nelson, P. B. 31(4), 354–355.
- Working with educational interpreters. Seal, B. C. 31(1), 15–25.

Effects of Noise and Issues in Hearing Conservation

- Acoustical barriers to learning: Children at risk in every classroom. Nelson, P. B., & Soli, S. 31(4), 356–361.
- Appendix: Improving acoustics in American schools. Classroom Acoustics Working Group. 31(4), 391–393.
- The classroom acoustical environment and the Americans With Disabilities Act. Sorkin, D. L. 31(4), 385–388.
- Classroom acoustics for children with normal hearing and with hearing impairment. Crandell, C. C., & Smaldino, J. J. 31(4), 362–370.
- Classroom amplification technology: Theory and practice. Smaldino, J. J., & Crandell, C. C. 31(4), 371–375.
- Epilogue: Improving acoustics in American schools. Nelson, P. B. 31(4), 389–390.
- Prologue: Improving acoustics in American schools. Nelson, P. B. 31(4), 354–355.

ASSESSMENT OF HEARING

Psychoacoustics

Ten ways to provide a high-quality acoustical environment in schools. Siebein, G. W., Gold, M. A., Siebein, G. W., & Ermann, M. G. 31(4), 376–384.

Acoustical Instruments, Measurements, and Standards

Ten ways to provide a high-quality acoustical environment in schools. Siebein, G. W., Gold, M. A., Siebein, G. W., & Ermann, M. G. 31(4), 376–384.

INTERVENTION

Habilitation, Rehabilitation, and Education

Acoustical barriers to learning: Children at risk in every classroom. Nelson, P. B., & Soli, S. 31(4), 356–361.

- Appendix: Improving acoustics in American schools. Classroom Acoustics Working Group. 31(4), 391–393.
- The benefits of sound field amplification in classrooms of Inuit students of Nunavik: A pilot project. Eriks-Brophy, A., & Ayukawa, H. 31(4), 324–335.
- The classroom acoustical environment and the Americans With Disabilities Act. Sorkin, D. L. 31(4), 385–388.
- Classroom acoustics for children with normal hearing and with hearing impairment. Crandell, C. C., & Smaldino, J. J. 31(4), 362–370.
- Classroom amplification technology: Theory and practice. Smaldino, J. J., & Crandell, C. C. 31(4), 371–375.
- Epilogue: Improving acoustics in American schools. Nelson, P. B. 31(4), 389–390.
- Prologue: Improving acoustics in American schools. Nelson, P. B. 31(4), 354–355.
- Working with educational interpreters. Seal, B. C. 31(1), 15–25.

Hearing Aids and Other Prostheses

- Acoustical barriers to learning: Children at risk in every classroom. Nelson, P. B., & Soli, S. 31(4), 356–361.
- Appendix: Improving acoustics in American schools. Classroom Acoustics Working Group. 31(4), 391–393.
- Classroom acoustics for children with normal hearing and with hearing impairment. Crandell, C. C., & Smaldino, J. J. 31(4), 362–370.
- Classroom amplification technology: Theory and practice. Smaldino, J. J., & Crandell, C. C. 31(4), 371–375.
- Epilogue: Improving acoustics in American schools. Nelson, P. B. 31(4), 389–390.
- Prologue: Improving acoustics in American schools. Nelson, P. B. 31(4), 354–355.

Classroom Acoustics

- Acoustical barriers to learning: Children at risk in every classroom. Nelson, P. B., & Soli, S. 31(4), 356–361.
- Appendix: Improving acoustics in American schools. Classroom Acoustics Working Group. 31(4), 391–393.
- The benefits of sound field amplification in classrooms of Inuit students of Nunavik: A pilot project. Eriks-Brophy, A., & Ayukawa, H. 31(4), 324–335.
- The classroom acoustical environment and the Americans With Disabilities Act. Sorkin, D. L. 31(4), 385–388.
- Classroom acoustics for children with normal hearing and with hearing impairment. Crandell, C. C., & Smaldino, J. J. 31(4), 362–370.
- Classroom amplification technology: Theory and practice. Smaldino, J. J., & Crandell, C. C. 31(4), 371–375.

- Epilogue: Improving acoustics in American schools, Nelson, P. B. 31(4), 389–390.
- Prologue: Improving acoustics in American schools. Nelson, P. B. 31(4), 354–355.

Classroom Amplification

The benefits of sound field amplification in classrooms of Inuit students of Nunavik: A pilot project. Eriks-Brophy, A., & Ayukawa, H. 31(4), 324–335.

CULTURAL INFLUENCES

The effect of examiner's race on the performance of African American children on the SCAN. Smith, T. T., Bradham, T., Chandler, L., & Wells, C. 31(2), 116–125.

TEST BIAS

The effect of examiner's race on the performance of African American children on the SCAN. Smith, T. T., Bradham, T., Chandler, L., & Wells, C. 31(2), 116–125.

CENTRAL AUDITORY PROCESSING

The effect of examiner's race on the performance of African American children on the SCAN. Smith, T. T., Bradham, T., Chandler, L., & Wells, C. 31(2), 116–125.

LANGUAGE

NATURE OF NORMAL LANGUAGE

Language Use in Adults

Patterns of adult-child linguistic interaction in integrated day care groups. Girolametto, L., Hoaken, L., Weitzman, E., & van Lieshout, R. 31(2), 155–168.

Language Differences and Different Languages

- Facilitating language development for inner-city children: Experimental evaluation of a collaborative, classroombased intervention. Hadley, P. A., Simmerman, A., Long, M., & Luna, M. 31(3), 280–295.
- Language sample analysis in Spanishspeaking children: Methodological consideration. Gutiérrez-Clellen, V. F., Restrepo, M. A., Bedore, L., Peña, E., & Anderson, R. 31(1), 88–98.
- The new Peabody Picture Vocabulary Test-III: An illusion of unbiased assessment? Stockman, I. J. 31(4), 340–353.
- Working with educational interpreters. Seal, B. C. 31(1), 15–25.

LANGUAGE DISORDERS

Language Disorders in Children

- Children with language impairment in cooperative work groups: A pilot study.
 Brinton, B., Fujiki, M., Montague, E. C., & Hanton, J. L. 31(3), 252–264.
- Does it matter what your client thinks? The role of theory in intervention: Response to Kamhi. Hewitt, L. E. 31(2), 186–193.
- The efficacy of phonological awareness intervention for children with spoken language impairment. Gillon, G. T. 31(2), 126–141.
- Epilogue: An intervention focus for inclusionary practice. Prelock, P. A. 31(3), 296–298.
- A letter to the parent(s) of a child with developmental apraxia of speech: Part III: Other problems often associated with the disorder. Hall. P. K. 31(2), 176–178.
- The new Peabody Picture Vocabulary Test-III: An illusion of unbiased assessment? Stockman, I. J. 31(4), 340–353.
- Prologue: Multiple perspectives for determining the roles of speech-language pathologists in inclusionary classrooms. Prelock, P. A. 31(3), 213–218.

Learning Disabilities

- Epilogue: An intervention focus for inclusionary practice. Prelock, P. A. 31(3), 296–298.
- Investigating the engagement and learning of students with learning disabilities in guided inquiry science teaching.
 Palincsar, A. S., Collins, K. M., Marano, N. L., & Magnusson, S. J. 31(3), 240–251.
- Prologue: Multiple perspectives for determining the roles of speech-language pathologists in inclusionary classrooms. Prelock, P. A. 31(3), 213–218.

Language Disorders in Mental Retardation

Patterns of adult-child linguistic interaction in integrated day care groups. Girolametto, L., Hoaken, L., Weitzman, E., & van Lieshout, R. 31(2), 155–168.

Spoken Language Impairment

The efficacy of phonological awareness intervention for children with spoken language impairment. Gillon, G. T. 31(2), 126–141.

Reading Disorder

The efficacy of phonological awareness intervention for children with spoken language impairment. Gillon, G. T. 31(2), 126–141.

ASSESSMENT AND INTERVENTION

Assessment

- Children with language impairment in cooperative work groups: A pilot study. Brinton, B., Fujiki, M., Montague, E. C., & Hanton, J. L. 31(3), 252–264.
- From old to new: Examining score increases on the Peabody Picture Vocabulary Test-III. Ukrainetz, T. A., & Duncan, D. S. 31(4), 336–339.
- Language sample analysis in Spanishspeaking children: Methodological consideration. Gutiérrez-Clellen, V. F., Restrepo, M. A., Bedore, L., Peña, E., & Anderson, R. 31(1), 88–98.
- The new Peabody Picture Vocabulary Test-III: An illusion of unbiased assessment? Stockman, I. J. 31(4), 340–353.
- A preliminary investigation of dynamic assessment with Native American kindergartners. Ukrainetz, T. A., Harpell, S., Walsh, C., & Coyle, C. 31(2), 142–154.
- Working with educational interpreters. Seal, B. C. 31(1), 15–25.

Intervention

- Does it matter what your client thinks? The role of theory in intervention: Response to Kamhi. Hewitt, L. E. 31(2), 186–193.
- Epilogue: An intervention focus for inclusionary practice. Prelock, P. A. 31(3), 296–298.
- Facilitating language development for inner-city children: Experimental evaluation of a collaborative, classroombased intervention. Hadley, P. A., Simmerman, A., Long, M., & Luna, M. 31(3), 280–295.
- Investigating the engagement and learning of students with learning disabilities in guided inquiry science teaching.
 Palinesar, A. S., Collins, K. M., Marano, N. L., & Magnusson, S. J. 31(3), 240–251.
- Prologue: Multiple perspectives for determining the roles of speech-language pathologists in inclusionary classrooms. Prelock, P. A. 31(3), 213–218.

Nonspeech Communications Systems

Working with educational interpreters. Seal, B. C. 31(1), 15–25.

Cooperative Learning

Children with language impairment in cooperative work groups: A pilot study. Brinton, B., Fujiki, M., Montague, E. C., & Hanton, J. L. 31(3), 252–264.

PHONOLOGICAL AWARENESS IN THE CLASSROOM

Scaffolds for learning to read in an inclusion classroom. Silliman, E. R., Bahr, R., Beasman, J., & Wilkinson, L. C. 31(3), 265–279.

SPEECH

NATURE OF NORMAL SPEECH

Perception of Speech

Ten ways to provide a high-quality acoustical environment in schools. Siebein, G. W., Gold, M. A., Siebein, G. W., & Ermann, M. G. 31(4), 376–384.

SPEECH AND VOICE DISORDERS

Articulation and Resonance Disorders

- A letter to the parent(s) of a child with developmental apraxia of speech: Part I: Speech characteristics of the disorder. Hall, P. K. 31(2), 169–172.
- A letter to the parent(s) of a child with developmental apraxia of speech: Part II: The nature and causes of DAS. Hall, P. K. 31(2), 173–175.
- A letter to the parent(s) of a child with developmental apraxia of speech: Part III: Other problems often associated with the disorder. Hall, P. K. 31(2), 176–178.
- A letter to the parent(s) of a child with developmental apraxia of speech: Part IV: Treatment of DAS. Hall, P. K. 31(2), 179–181.
- Practice makes perfect: The incompatibility of practicing speech and meaningful communication. Kamhi, A. G. 31(2), 182–185.

Physiologically Based Speech Disorders

Development of an interdisciplinary dysphagia team in the public schools. Homer, E. M., Bickerton, C., Hill, S., Parham, L., & Taylor, D. 31(1), 62–75.

Dysphagia

- Identification and management of dysphagia in the public schools: Epilogue. Logemann, J. A., & O'Toole, T. J. 31(1), 79.
- Identification and management of dysphagia in the public schools: Prologue. Logemann, J. A., & O'Toole, T. J. 31(1), 26–27.
- A letter to the parent(s) of a child with developmental apraxia of speech: Part III: Other problems often associated with the disorder. Hall, P. K. 31(2), 176–178.
- The role of the school-based speechlanguage pathologist serving preschool

- children with dysphagia: A personal prespective. Kurjan, R. M. 31(1), 42–49.
- Serving students with dysphagia in the schools? Educational preparation is essential! Power-deFur, L. 31(1), 76–78.
- Therapy for children with swallowing disorders in the educational setting. Logemann, J. A. 31(1), 50–55.

Phonological Impairment

The efficacy of phonological awareness intervention for children with spoken language impairment. Gillon, G. T. 31(2), 126–141.

ASSESSMENT AND INTERVENTION

Assessment

- Evaluation of children with feeding and swallowing problems. Arvedson, J. C. 31(1), 28–41.
- A letter to the parent(s) of a child with developmental apraxia of speech: Part I: Speech characteristics of the disorder. Hall, P. K. 31(2), 169–172.

Acoustic Measures of Speech and Voice

Ten ways to provide a high-quality acoustical environment in schools. Siebein, G. W., Gold, M. A., Siebein, G. W., & Ermann, M. G. 31(4), 376–384.

Intervention

- The efficacy of phonological awareness intervention for children with spoken language impairment. Gillon, G. T. 31(2), 126–141.
- A letter to the parent(s) of a child with developmental apraxia of speech: Part IV: Treatment of DAS. Hall, P. K. 31(2), 179–181
- Practice makes perfect: The incompatibility of practicing speech and meaningful communication. Kamhi, A. G. 31(2), 182–185.

PROFESSIONAL AND GENERAL SCIENTIFIC ISSUES

PROFESSIONAL AFFAIRS

Professional Standards and Ethics

Legal, ethical, and financial aspects of providing services to children with swallowing disorders in the public schools. O'Toole, T. J. 31(1), 56–61.

Governmental and Professional Regulations

Legal, ethical, and financial aspects of providing services to children with

swallowing disorders in the public schools. O'Toole, T. J. 31(1), 56–61.

Service Provision Models and Problems

- Development of an interdisciplinary dysphagia team in the public schools. Homer, E. M., Bickerton, C., Hill, S., Parham, L., & Taylor, D. 31(1), 62–75.
- Epilogue: An intervention focus for inclusionary practice. Prelock, P. A. 31(3), 296–298.
- Facilitating language development for innercity children: Experimental evaluation of a collaborative, classroom-based intervention. Hadley, P. A., Simmerman, A., Long, M., & Luna, M. 31(3), 280–295.
- Legal, ethical, and financial aspects of providing services to children with swallowing disorders in the public schools. O'Toole, T. J. 31(1), 56–61.
- Maintaining a therapeutic focus and sharing responsibility for student success: Keys to in-classroom speech-language services. Ehren, B. J. 31(3), 219–229.
- Patterns of adult-child linguistic interaction in integrated day care groups. Girolametto, L., Hoaken, L., Weitzman, E., & van Lieshout, R. 31(2), 155–168.
- Prologue: Multiple perspectives for determining the roles of speech-language pathologists in inclusionary classrooms. Prelock, P. A. 31(3), 213–218.
- Related services research for students with low-incidence disabilities: Implications for speech-language pathologists in inclusive classrooms. Giangreco, M. F. 31(3), 230–239.

Research Issues and Methodology

- Investigating the engagement and learning of students with learning disabilities in guided inquiry science teaching. Palincsar, A. S., Collins, K. M., Marano, N. L., & Magnusson, S. J. 31(3), 240–251.
- Ten ways to provide a high-quality acoustical environment in schools. Siebein, G. W., Gold, M. A., Siebein, G. W., & Ermann, M. G. 31(4), 376–384.

Interdisciplinary Concerns

- Development of an interdisciplinary dysphagia team in the public schools. Homer, E. M., Bickerton, C., Hill, S., Parham, L., & Taylor, D. 31(1), 62–75.
- Epilogue: An intervention focus for inclusionary practice. Prelock, P. A. 31(3), 296–298.
- Prologue: Multiple perspectives for determining the roles of speech-language pathologists in inclusionary classrooms. Prelock, P. A. 31(3), 213–218.

Related services research for students with low-incidence disabilities: Implications for speech-language pathologists in inclusive classrooms. Giangreco, M. F. 31(3), 230–239

PROFESSIONAL TRAINING

Education and Continuing Education

Serving students with dysphagia in the schools? Educational preparation is essential! Power-deFur, L. 31(1), 76–78.

RECOMMENDED PRACTICE

Family-responsive individualized family service plans for speech-language pathologists. Polmanteer, K., & Turbiville, V. 31(1), 4–14.

INCLUSIVE EDUCATION

- Children with language impairment in cooperative work groups: A pilot study. Brinton, B., Fujiki, M., Montague, E. C., & Hanton, J. L. 31(3), 252–264.
- Epilogue: An intervention focus for inclusionary practice. Prelock, P. A. 31(3), 296–298.
- Facilitating language development for innercity children: Experimental evaluation of a collaborative, classroom-based intervention. Hadley, P. A., Simmerman, A., Long, M., & Luna, M. 31(3), 280–295.
- Investigating the engagement and learning of students with learning disabilities in guided inquiry science teaching. Palincsar, A. S., Collins, K. M., Marano, N. L., & Magnusson, S. J. 31(3), 240–251.
- Maintaining a therapeutic focus and sharing responsibility for student success: Keys to in-classroom speech-language services. Ehren, B. J. 31(3), 219–229.
- Prologue: Multiple perspectives for determining the roles of speech-language pathologists in inclusionary classrooms. Prelock, P. A. 31(3), 213–218.
- Related services research for students with low-incidence disabilities: Implications for speech-language pathologists in inclusive classrooms. Giangreco, M. F. 31(3), 230–239.
- Scaffolds for learning to read in an inclusion classroom. Silliman, E. R., Bahr, R., Beasman, J., & Wilkinson, L. C. 31(3), 265–279.

TITLE INDEX

Acoustical barriers to learning: Children at risk in every classroom. Nelson, P. B., & Soli, S. 31(4), 356–361.

- Appendix: Improving acoustics in American schools. Classroom Acoustics Working Group. 31(4), 391–393.
- The benefits of sound field amplification in classrooms of Inuit students of Nunavik: A pilot project. Eriks-Brophy, A., & Ayukawa, H. 31(4), 324–335.
- Children with language impairment in cooperative work groups: A pilot study. Brinton, B., Fujiki, M., Montague, E. C., & Hanton, J. L. 31(3), 252–264.
- The classroom acoustical environment and the Americans With Disabilities Act. Sorkin, D. L. 31(4), 385–388.
- Classroom acoustics for children with normal hearing and with hearing impairment.

 Crandell, C. C., & Smaldino, J. J. 31(4), 362–370.
- Classroom amplification technology: Theory and practice. Smaldino, J. J., & Crandell, C. C. 31(4), 371–375.
- Development of an interdisciplinary dysphagia team in the public schools. Homer, E. M., Bickerton, C., Hill, S., Parham, L., & Taylor, D. 31(1), 62–75.
- Does it matter what your client thinks? The role of theory in intervention: Response to Kamhi. Hewitt, L. E. 31(2), 186–193.
- The effect of examiner's race on the performance of African American children on the SCAN. Smith, T. T., Bradham, T., Chandler, L., & Wells, C. 31(2), 116–125.
- The efficacy of phonological awareness intervention for children with spoken language impairment. Gillon, G. T. 31(2), 126–141.
- Epilogue: Improving acoustics in American schools. Nelson, P. B. 31(4), 389–390.
- Epilogue: An intervention focus for inclusionary practice. Prelock, P. A. 31(3), 296–298.
- Evaluation of children with feeding and swallowing problems. Arvedson, J. C. 31(1), 28–41.
- Facilitating language development for innercity children: Experimental evaluation of a collaborative, classroom-based intervention. Hadley, P. A., Simmerman, A., Long, M., & Luna, M. 31(3), 280–295.

- Family-responsive individualized family service plans for speech-language pathologists. Polmanteer, K., & Turbiville, V. 31(1), 4–14.
- From old to new: Examining score increases on the Peabody Picture Vocabulary Test-III. Ukrainetz, T. A., & Duncan, D. S. 31(4), 336–339.
- Identification and management of dysphagia in the public schools: Epilogue. Logemann, J. A., & O'Toole, T. J. 31(1), 79.
- Identification and management of dysphagia in the public schools: Prologue. Logemann, J. A., & O'Toole, T. J. 31(1), 26–27.
- Investigating the engagement and learning of students with learning disabilities in guided inquiry science teaching. Palincsar, A. S., Collins, K. M., Marano, N. L., & Magnusson, S. J. 31(3), 240–251.
- Language sample analysis in Spanishspeaking children: Methodological consideration. Gutiérrez-Clellen, V. F., Restrepo, M. A., Bedore, L., Peña, E., & Anderson, R. 31(1), 88–98.
- Legal, ethical, and financial aspects of providing services to children with swallowing disorders in the public schools. O'Toole, T. J. 31(1), 56–61.
- A letter to the parent(s) of a child with developmental apraxia of speech: Part I: Speech characteristics of the disorder. Hall, P. K. 31(2), 169–172.
- A letter to the parent(s) of a child with developmental apraxia of speech: Part II: The nature and causes of DAS, Hall, P. K. 31(2), 173–175.
- A letter to the parent(s) of a child with developmental apraxia of speech: Part III: Other problems often associated with the disorder. Hall, P. K. 31(2), 176–178.
- A letter to the parent(s) of a child with developmental apraxia of speech: Part IV: Treatment of DAS. Hall, P. K. 31(2), 179–181.
- Maintaining a therapeutic focus and sharing responsibility for student success: Keys to in-classroom speech-language services. Ehren, B. J. 31(3), 219–229.

- The new Peabody Picture Vocabulary Test-III: An illusion of unbiased assessment? Stockman, I. J. 31(4), 340–353.
- Patterns of adult-child linguistic interaction in integrated day care groups. Girolametto, L., Hoaken, L., Weitzman, E., & van Lieshout, R. 31(2), 155–168.
- Practice makes perfect: The incompatibility of practicing speech and meaningful communication. Kamhi, A. G. 31(2), 182–185.
- A preliminary investigation of dynamic assessment with Native American kindergartners. Ukrainetz, T. A., Harpell, S., Walsh, C., & Coyle, C. 31(2), 142–154.
- Prologue: Improving acoustics in American schools. Nelson, P. B. 31(4), 354–355.
- Prologue: Multiple perspectives for determining the roles of speech-language pathologists in inclusionary classrooms. Prelock, P. A. 31(3), 213–218.
- Related services research for students with low-incidence disabilities: Implications for speech-language pathologists in inclusive classrooms. Giangreco, M. F. 31(3), 230–239.
- The role of the school-based speech-language pathologist serving preschool children with dysphagia: A personal prespective. Kurjan, R. M. 31(1), 42–49.
- Scaffolds for learning to read in an inclusion classroom, Silliman, E. R., Bahr, R., Beasman, J., & Wilkinson, L. C. 31(3), 265–279.
- Serving students with dysphagia in the schools? Educational preparation is essential! Power-deFur, L. 31(1), 76–78.
- Ten ways to provide a high-quality acoustical environment in schools. Siebein, G. W., Gold, M. A., Siebein, G. W., & Ermann, M. G. 31(4), 376–384.
- Therapy for children with swallowing disorders in the educational setting. Logemann, J. A. 31(1), 50–55.
- Working with educational interpreters. Seal, B. C. 31(1), 15–25.
